

Capricorn Gems Presents

2019 Edition

Capricorn Gems

Capricorn Gems is proud to present a selection of jewellery made by some of our designer friends from around the world who use our ethically sourced and traceable gemstones.

We have selected a range of pieces that we think are not only inspiring but best show the beauty of the gemstones found in Central Queensland, AUSTRALIA. Each piece has its own character and beauty that crosses all boundaries of jewellery design and genres.

Our hope is that you enjoy the images as much as we have enjoyed curating the pieces to publishing this booklet.
